

# Assignments

Stat 154/254: Statistical Machine Learning

## Homework assignments

Please submit all assignments as a pdf on [Gradescope](#).

**Assignments marked with ★ are still working drafts.**

- ★ [Assignment 0 \(review\)](#). Due Sunday September 6th (9pm)

Partial solutions may be provided on BCourses after the homework is due. Note that, when solutions are provided, they are guides for knowing whether you got the answer wrong or not, but not necessarily complete solutions. Specifically, the provided solutions may have less exposition and justification than would be expected in a quiz.
